

Reports Submitted by G. Oliver

April 28, 2015

1 – (G. Oliver comments) “One seminal report that must be included on the the Concerned Health Professionals of New York Compendium of Scientific, Medical and Media Findings Demonstration Risks and Harms of Fracking (Unconventional Gas and Oil Extraction). The highly regarded report has been translated into a number of languages and has been circulated worldwide. It is essential that this well-regarded report about health be included on your website for the public to review when making submissions”

Compendium of Scientific, Medical and Media Findings Demonstrating Risks and Harms of Fracking (Unconventional Gas and Oil Extraction)
